

Supply Chain Intelligence for the Energy Transition

One Source of Clarity

Helping supply chains identify opportunities, understand markets and win projects faster.

Find Opportunities

Track live projects, investment and infrastructure

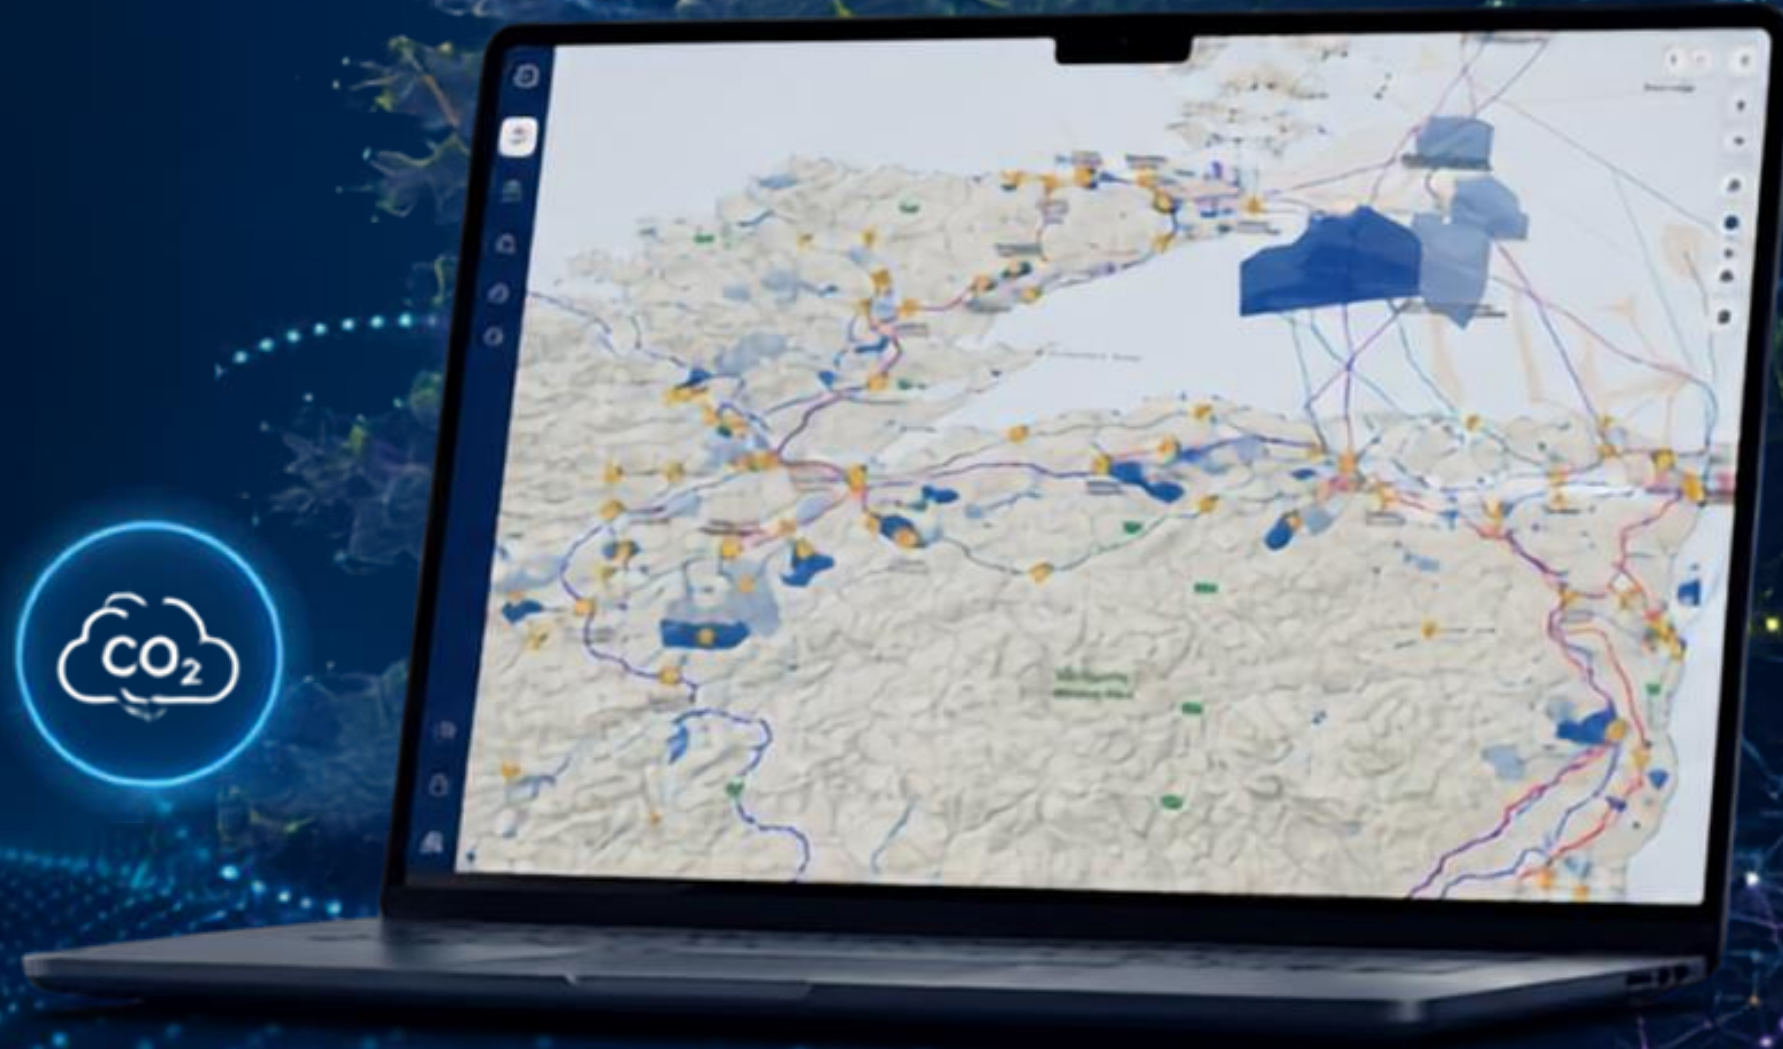

Understand Markets

Access trusted supply chain and market intelligence

Win Faster

Make confident decisions with data-led insight

The Market Intelligence Platform Built for Energy Supply Chains

Olsights combines live infrastructure data, project intelligence and supply chain analytics into one platform, helping organisations identify opportunities, track markets and accelerate commercial growth.

Built for the energy transition across hydrogen, carbon capture, offshore wind, grid infrastructure, batteries and industrial decarbonisation.

#	Name	Plant Type	Technology	Classification	Network	Planning Stage	Installation
1	49MW WIND - NEAL BUD...	windfarm	onshore	Generation	distribution	early planning	2032
2	49.5MW WIND - SALLACHY...	windfarm	onshore	Generation	distribution	consent authorised	2028
3	ACHRIUACH WIND FARM	windfarm	onshore	Generation	transmission	operational	2016
4	ABERARDER WIND FARM	windfarm	onshore	Generation	distribution	under construction	2028
5	AEDCEEN OFFSHORE WIND...	windfarm	offshore fixed	Generation	distribution	operational	2028
6	ABHAINN DUBH WIND FARM	windfarm	onshore	Generation	distribution	application submitted	2031

Built by engineers. Trusted by industry.

Turn Market Complexity into Commercial Advantage

Olsights Eye transforms fragmented infrastructure, project and supply chain data into clear commercial insight to help organisations identify opportunities faster, understand markets earlier and make better strategic decisions.

Business Impact

Identify New Revenue Opportunities

Discover projects, developers and supply chain gaps earlier.

Improve Market Visibility

Understand where investment and infrastructure activity is growing.

Reduce Time Spent Researching

Bring fragmented market intelligence into one connected platform.

Strengthen Bid & Growth Strategies

Support commercial planning with evidence-led insight.

Track Project Timelines & Risks

Monitor project stages, delivery schedules and regional activity.

Infrastructure, projects and supply chain intelligence in one platform

Industries We Support

CCUS

Hydrogen

Offshore Wind

Grid & Power Networks

Battery Storage

Industrial Decarbonisation

Renewable Energy

Three Levels of Support

One Source of Clarity

Whether you need instant market visibility, expert intelligence or strategic advisory support, Olsights provides the insight needed to accelerate better decisions.

Choose the level of support that matches your business goals

Observe

Self Serve Market Intelligence

Access live market, project and supply chain intelligence on demand

Explore markets independently

- ✓ Full platform access
- ✓ Spatial maps & market intelligence
- ✓ Filterable data

Immediate Access

Opportunity

Managed Intelligence

Expert-led market intelligence combining live data, sector expertise and quarterly insight reporting

Receive expert intelligence without the research burden

- ✓ Full platform access
- ✓ Quarterly sector insight reports
- ✓ Curated market analysis & trend reports
- ✓ Dedicated analyst support

Immediate Access + Quarterly Updates

Odyssey

Bespoke Intelligence Partnership

Fully customised intelligence, analytics and strategic advisory designed around your objectives

Gain a strategic intelligence partner

- ✓ Bespoke intelligence tools
- ✓ Custom datasets & dashboards
- ✓ Strategic advisory & market entry analysis
- ✓ Fully tailored supply chain intelligence

Typically 4 - 12 weeks

Delivering Value Across the Project Lifecycle

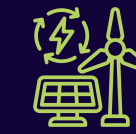

CUSTOMERS

Identify future buyers and supply chain partners

DEVELOPERS

Track active and emerging project developers

PROJECTS

Discover projects earlier in the pipeline

TIMELINES

Monitor milestones, phasing and delivery schedules

Ready to identify your next opportunity?

Whether you're exploring new opportunities, planing strategic investments or looking to strengthen your market position, Olsights is here to help.

Get in touch to arrange a demo or discuss your market intelligence needs.
